

Caring is Life's Greatest Value

by Dr. Tim McLemore, Executive Director

The last two years have been unprecedented. We are excited to again be serving our Elderhaus and Mindset participants after nearly a full year of closure due to the COVID-19 pandemic.

While some services (such as transportation and off-site activities) are still limited, we are open full-time to provide social engagement, safe activities and great food for participants — while also giving caregivers and loved ones much-needed respite.

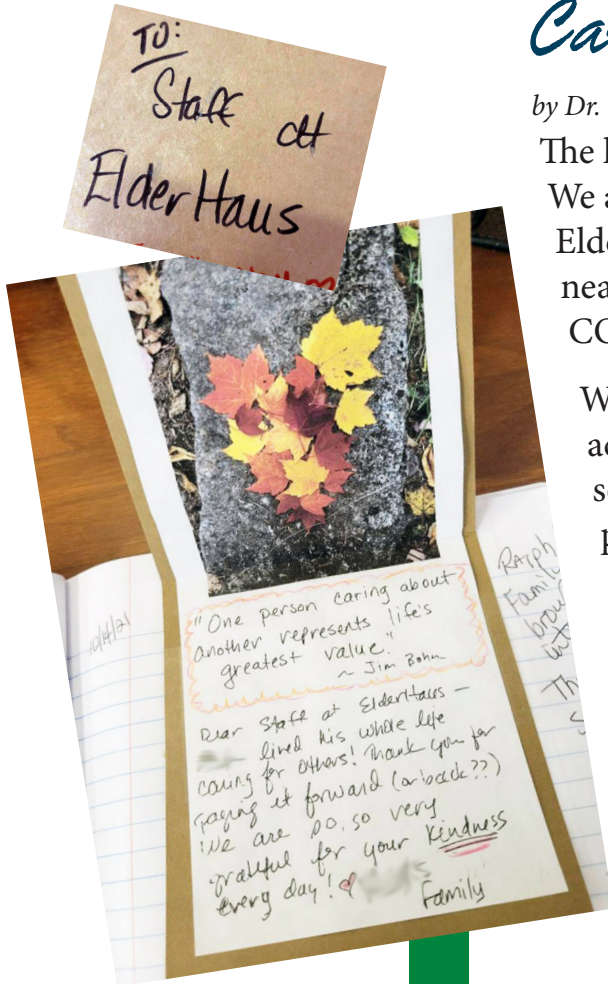

A beautiful handmade thank-you card we recently received includes a quotation attributed to Jim Bohn: “One person caring for another represents life’s greatest value.” As a nonprofit organization, we depend on the contributions from friends, families, and partner organizations to provide care to the vulnerable members of our communities who depend on us.

Elderhaus is an authorized provider for Veterans and Medicaid recipients, in addition to offering affordable private pay options. Thanks to our partners at the Larimer County Office on Aging, we may be able to provide scholarship assistance for eligible persons who don’t qualify for Medicaid, but can’t afford the level of care their loved ones need. Our Mission

The mission of Elderhaus Adult Day Program is to provide holistic and therapeutic daytime care to adults living with dementia or disabilities, in a safe, engaging environment tailored to their needs.

Please see the next page of this newsletter for more information about supporting Elderhaus. Please give generously to help us care for our participants and their family members and caregivers who count on us for respite!

*We need your help to provide our
capable and compassionate work*

It has been an Elderhaus tradition to make a special year-end Challenge for much-needed donations. We also count on your participation in Colorado Gives Day to help us meet our year-end obligations. This year's event is Tuesday, Dec. 7.

In place of a separate mailing in 2021, we are incorporating our challenge appeal into this newsletter. We ask all our friends to make a special gift as part of our annual challenge.

These year-end gifts are **essential** for maintaining the strength of our services and programs! As a nonprofit organization, the important work of Elderhaus is simply not possible without generous support from friends and other private donors. Here's how you can give:

Go to the Colorado Gives Day website link to Elderhaus:

As an independent nonprofit organization, revenue from fees for service typically covers only about two-thirds of our actual costs of providing services for the wonderful people entrusted to Elderhaus care.

One DAY at Elderhaus costs about the same as:

- One HOUR of home health care
- Two to three HOURS of non-medical home care
- ONE-FIFTH of a day in a residential care facility

- A special gift in honor or memory of a loved one or friend can be meaningful.

- In addition to monetary gifts, volunteer hours are essential! For details: tim@elderhaus.org
